Old Business –

- a. New web page project. Working on a new web page that is easier to use for members, club officers, match directors, etc. Peggy Walton updated this project. Still looking to change. A goal is to make the page a “place to go to”, see the website, liven the format up. Spotlight information about club events, events elsewhere, members participating in events in other areas/ regions, matches in other areas, top performers at events, etc. Moving the web site is a work in progress. Tim Perry has found an on line site for renewals next year. Thank you Peggy and Tim for this work.
- b. A question came up in the BOD meeting as to what to do about members who are LE or have a carry permit. They arrive at range with a loaded firearm. The club rules state the range is “cold” at all times – unless and until member is on the firing line and that firing line has been declared “HOT”. A “unloading station” is needed. Once this is finalized, communication will go out.
- c. As a solution to clogged gutters, at some point gutters will be removed. Stone will placed on back side of building to prevent erosion.
- d. Cast bullet clinic. Wes will hold a clinic on casting bullets in October. He will also have a reloading clinic in fall. Look on web page for more information
- e. Working on rules for Bay 3 to provide opportunity for wear and carry classes. Increase in demand due to SCOTUS ruling
- f. Working on increase women members and events for women only. Looking to have events to encourage participation
